TAGLINE

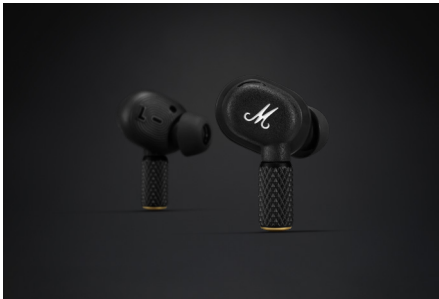

FRONT ROW SOUND WITH ACTIVE NOISE CANCELLATION

PRODUCT COPY

Get loud on the go. Motif II A.N.C. offers huge sound, in a tiny package. Its sleek charging case packs a punch by powering your headphones with 30 hours playtime to be unleashed whenever you want. With active noise cancellation, block out those crowded train rides and rowdy streets to dive into your music without distraction. For a quick conversation, switch over to

transparency mode and let the outside in. As well as an added microphone, Motif II A.N.C. comes ready for BT LE Audio, so you'll be better connected than ever before. For an even more customised listening experience, download the Marshall app. With Motif II A.N.C., you're always ready for the road.

KEY SELLING POINTS

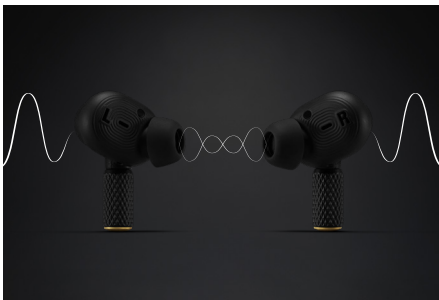

1. MARSHALL SIGNATURE SOUND

Short: Motif II A.N.C. means you can take Marshall signature sound with you, wherever you go.

Medium: Don't leave great music behind. With Motif II A.N.C. you can take Marshall signature sound with you, wherever you go. Precision engineered to give you clear and balanced sound no matter how much you crank up the volume, Motif II A.N.C. is built so you don't have to hold back. Experience concert quality sound whenever.

Long: Don't leave great music behind. With Motif II A.N.C. you can take Marshall signature sound with you, wherever you go. Precision engineered to give you clear and balanced sound no matter how much you crank up the volume, Motif II A.N.C. is built so you don't have to hold back. Experience concert quality sound whenever you need it, with pocket-sized design, comfort and a whole lot of loud.

2. CANCEL THE NOISE, AMPLIFY THE SOUND

Short: Get locked into the sounds of your choice with improved active noise cancellation and use the app to amplify your playlist, so that you can savour the music that matters to you, uninterrupted.

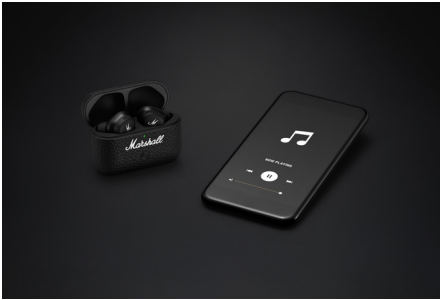

Medium: Get locked into the sounds of your choice with improved active noise cancellation and use the app to amplify your playlist, so that you can savour the music that matters to you, uninterrupted. For a quick conversation, switch seamlessly into transparency mode to let the outside back in and stay in tune with your surroundings.

Long: Get locked into the sounds of your choice with improved active noise cancellation and use the app to amplify your playlist, so that you can savour the music that matters to you, uninterrupted. It'll almost feel like you and your favourite band are the only ones in the room. For a quick conversation, switch seamlessly into transparency mode to let the outside back in and stay in tune with your surroundings. Improved environmental noise cancellation, created using dual mic beamforming and AI based noise reduction, gives you superior clarity when speaking on the phone. Say goodbye to unclear calls and unwanted distractions.

3. RELIABLE PLAYTIME
